Color & Flavor

yellow

lime

orange

green

red

teal

pink

cyan

magenta

blue

violet

indigo

grey

black

white
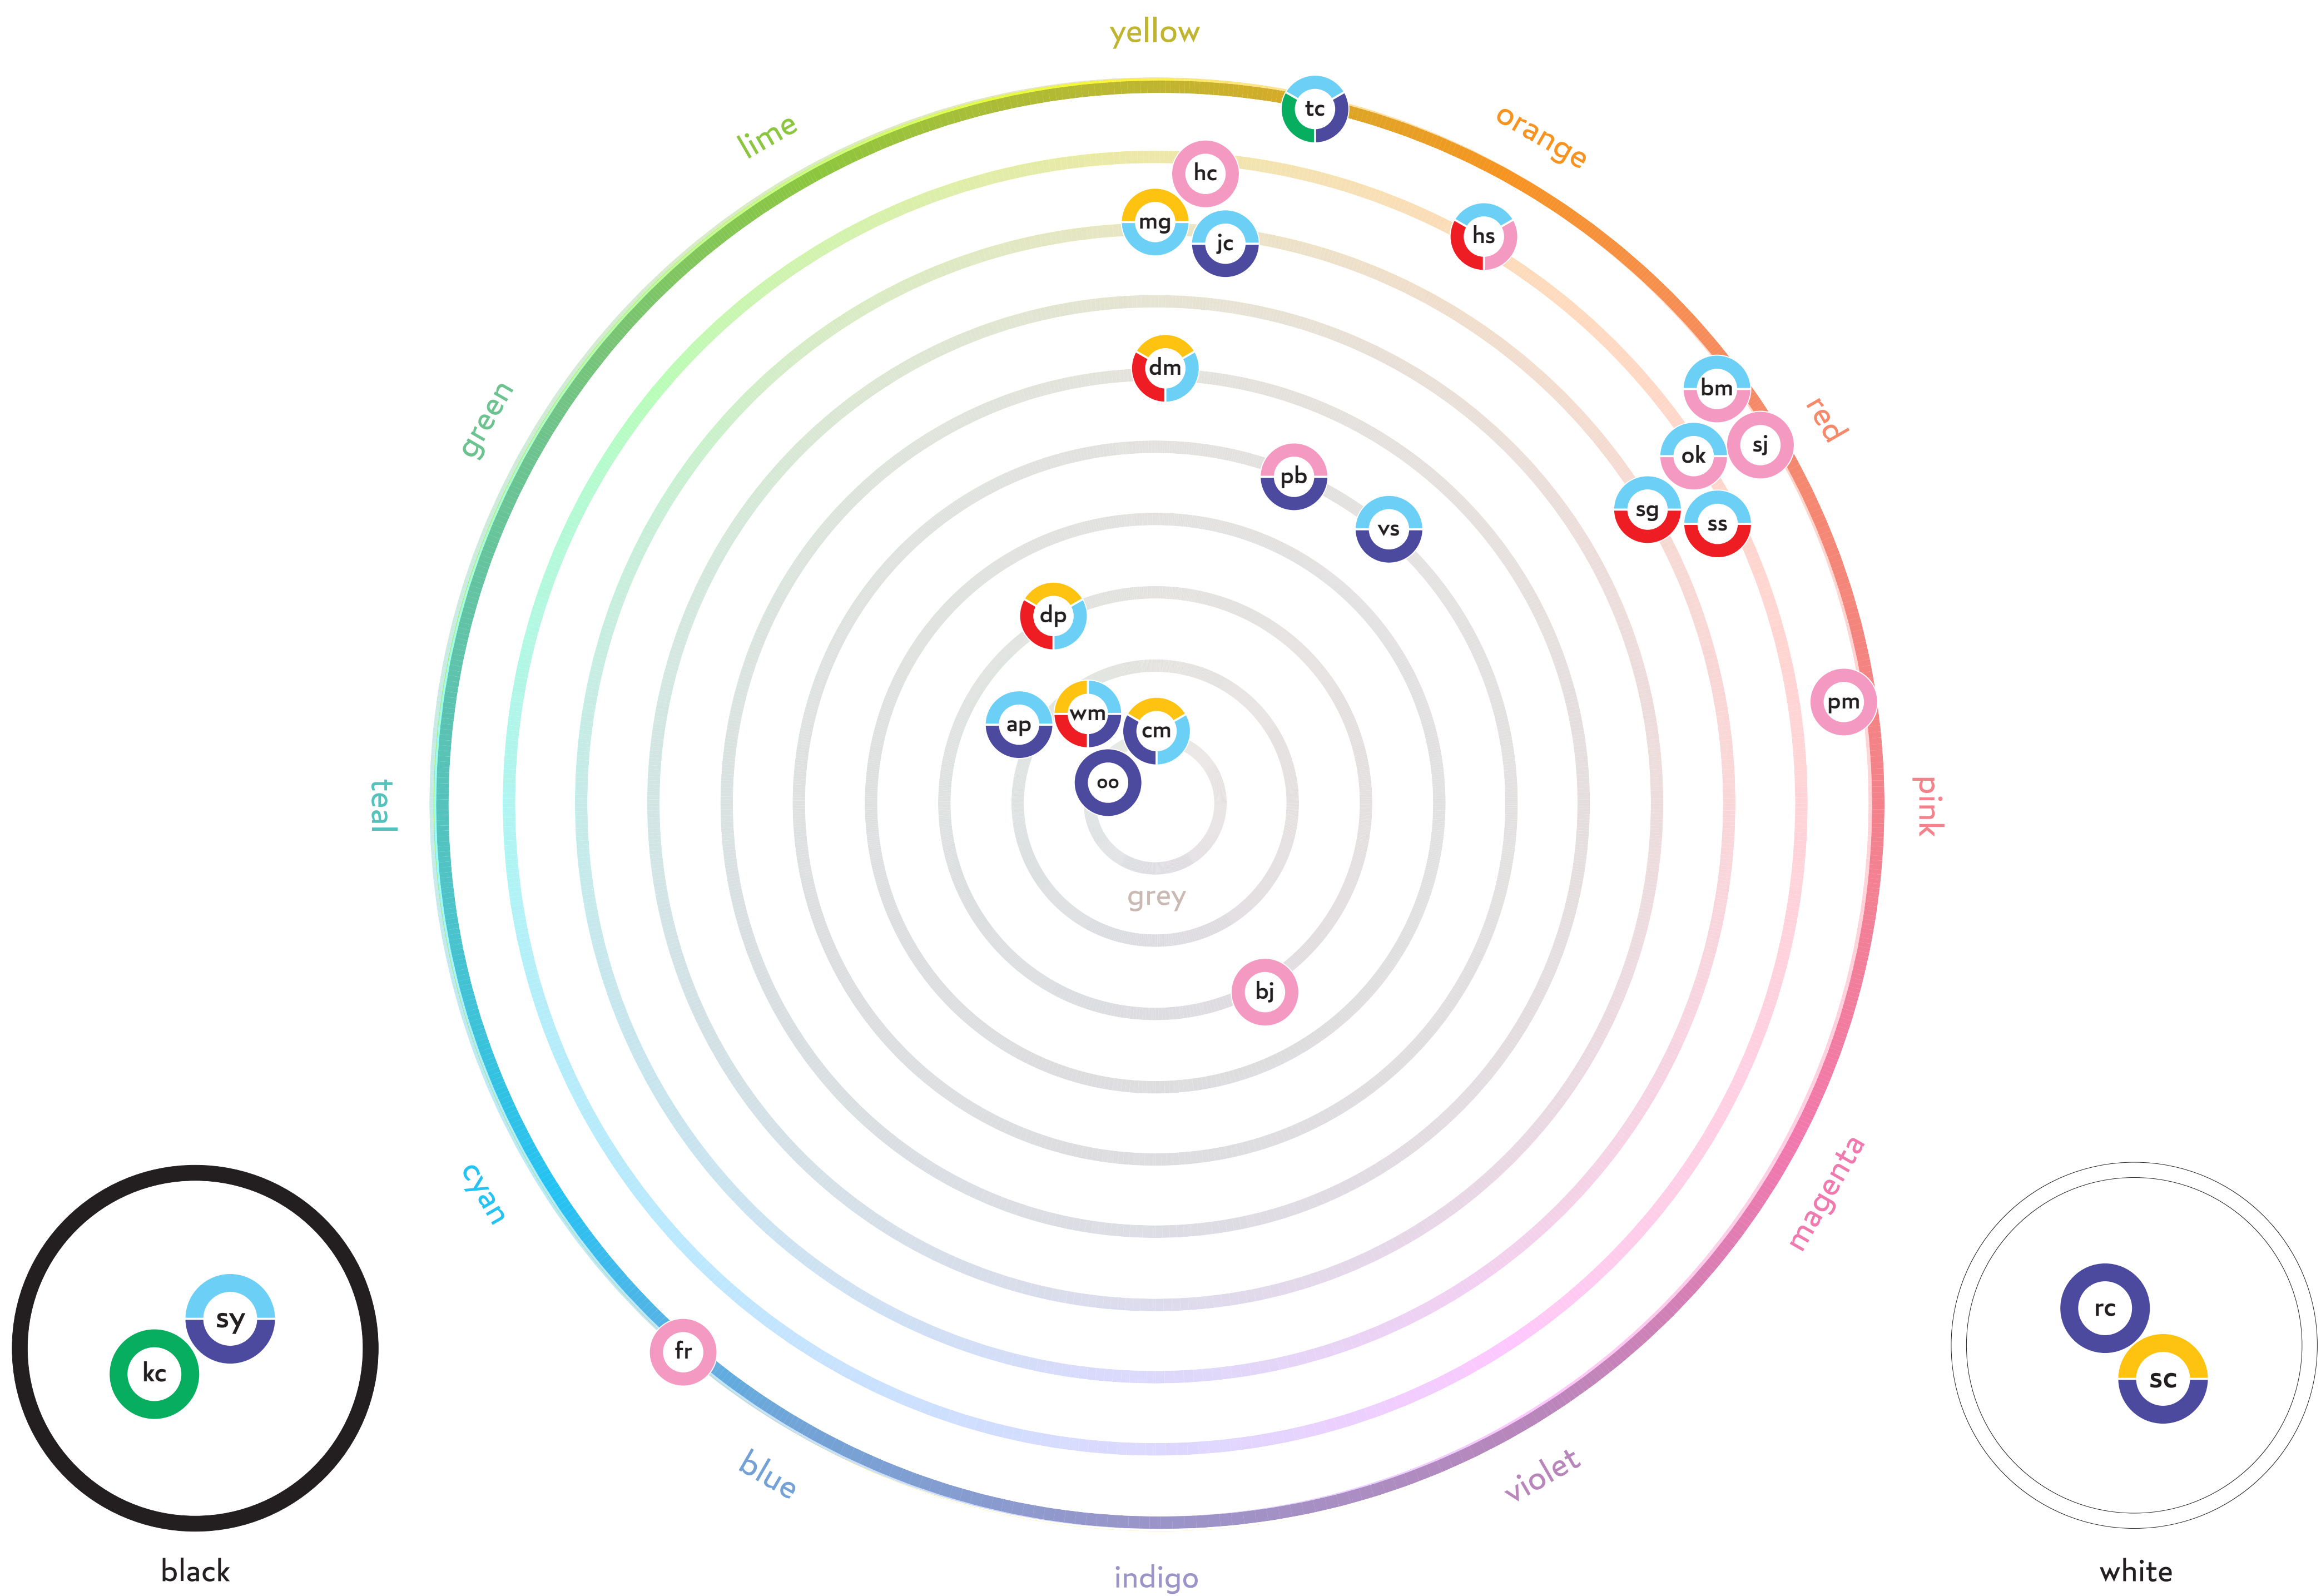

PURPOSE

This is a visual study of the foods in my pantry to observe correlations between foods' flavors and colors. Foods are mapped on a colorwheel above, with the outer rings representing saturated color, and the inner rings representing desaturated color.

OBSERVATIONS

60% of my foods are within the Y-M warm range.

80% of my red foods are salty.

90% of my grey, black, and white foods are savory.

78% of my intensely colored foods are sweet.

FOOD INDEX

ap Artichoke+Parmesan Dip	hs Habeñero Hot Sauce	rc Ricotta Cheese
bj Blueberry jam	jc Juanita's Tortilla Chips	sc Sour Cream
bm Bloody Mary Mix	kc Kirkland Coffee Beans	sg Sriracha Garlic Sauce

dp Chili Dill Pickles	oo Olive Oil	sy Soyaki Sauce
fr Faygo Raspberry-Blueberry	pb Peanut Butter	tc Tillamook Cheddar
hc Honey Oat Crunch	pb Peanut Butter	vs Vegetarian Sausages
	sj Pomegranate Molasses	wm Wasabi Mayonnaise

FLAVOR LEGEND

● Sweet	● Salty	● Sour	● Bitter	● Spicy	● Savory

A magenta and cyan radial signifies a sweet and salty food, like Ketchup.

A green, indigo, and cyan radial signifies a bitter, umami, and salty food, like Sharp Cheddar Cheese.
